

## **Quality Policy**

- Provide a student-centered learning environment that nurtures knowledge, skills, ethics, and professionalism in pharmacy.
- Ensure compliance with regulatory, statutory, and accreditation requirements through continuous monitoring and improvement of academic and administrative processes.
- Promote innovative teaching, cutting-edge research, and industry collaboration to meet global standards in pharmaceutical sciences.
- Encourage lifelong learning, critical thinking, and problem-solving skills to prepare graduates for diverse roles in the healthcare and pharmaceutical sectors.
- Foster a culture of quality, transparency, and accountability through the active participation of faculty, staff, students, alumni, and stakeholders.
- Commit to continuous quality improvement (CQI) by regularly assessing outcomes, adopting best practices, and integrating technological advancements in education and research.

**Our goal is to produce competent, compassionate, and ethical pharmacy professionals who contribute to the well-being of society and the advancement of healthcare.**
